Communication

Education is a partnership between home and school. We value parent involvement at every level and encourage you to partner with us. In order for this partnership to be effective, we need to be able to communicate

Please feel free to call, write a note, or e-mail us if you have concerns or questions about your child's education. We are available to meet with you to discuss any issue or concern you have regarding your child.

Another Step to Success
for Our Students

What Are Community Learning Centers?

Orange County Schools and the Northern Orange Education Task Force are happy to announce the opening of the **Community Learning Centers** on October 19, 2009. The center sites are Central Elementary, New Hope Church of the Nazarene, and McCoy's Temple United Holy Church. The program will serve elementary students from Central, Efland-Cheek and New Hope elementary schools.

All three Community Learning Centers will assist Level I and Level II students in Reading, Writing and Math. They will offer homework support and enrichment opportunities to develop students academic and social skills.

Our Philosophy

We understand that your child comes to us with unique experiences, interests and learning styles. Our goals are to increase student achievement, build relationships and use acquired knowledge to guide, support and motivate students. We believe that ALL children can learn. Our objective is to motivate and encourage your child so that they will view learning as an enjoyable and engaging lifelong experience.

Behavior Expectations

We have high expectations for the students in our program. We expect students to contribute in a positive manner to our program. This is a list of the rules for the program:

1. Show respect
2. Make good decisions
3. Solve problems
