

Be a ready volunteer for New Hope and your child!
Submit your Orange County Volunteer Approval Form NOW!

Orange County Schools requires **all volunteers** to have a background check and be approved to interact with children during field trips and while volunteering in various roles within the school. This process is free, confidential, and only needs to occur one time while you have children continuously enrolled in Orange County Schools. Each person volunteering (mom, dad, step-parent, guardians, grandparents, etc.) in the school must be approved. Remember, it is worth the effort to help ensure the safety of our children.

Complete the form NOW. In the fall the district office is often flooded with submitted forms, you can beat the rush and go through the approval process over the summer so you will be ready to volunteer when school opens in August.
