---

Principals and teachers are to see that students are supervised at all times. No class or student group is to be left unsupervised at any time. This includes after school organizations. No groups are to be allowed to meet without a supervisor.

Teachers are to stand in the halls when students are changing classes, including at the beginning and the ending of the school day.

The schools are not responsible for students arriving at school before the official start of the school day; nor are the schools responsible for students at the end of the school day after the official end of the school day, except in cases of emergency. Parent/guardians will be advised of school dismissal times and urged to pick up their children in a timely manner if they are not enrolled in an after-school care program.
