1. It shall be the desire of the Board to establish positive working relationships with other public and private organizations, which contribute to the education process and to the general welfare of the citizens of the community.
2. Close coordination and cooperation shall exist between the Orange County Schools and County government and other county agencies. Cooperation and coordination shall include mutual discussion and planning involving county activities that directly and indirectly affect education in the Orange County School System.
3. Realizing that business and labor communities can contribute to good relations between local residents and the school community, the Board shall seek to cooperate with these organizations whenever possible.
4. The Orange County Board of Education also declares its intention to work in close cooperation with the State Board of Education and the State Department of Education, and Federal Agencies. The Superintendent is instructed to attend to the matter of establishing healthy communications and relationships and to work cooperatively with agencies and personnel for the advancement of education in the State of North Carolina, and specifically in the Orange County School Unit.
