It is the policy of the Orange County Board of Education to permit students with a valid North Carolina Driver's License to drive a family-owned motorized vehicle to school. The student is to abide by all school-level rules and regulations regarding the use and parking of vehicles on the school grounds, to include the registration of the vehicle with the principal's office. If the student refuses to follow the established rules and regulations or exhibits poor driving habits on the school grounds, the privilege of driving a vehicle to school and parking of that vehicle on school property may be revoked.
