EARLY DISMISSAL OF TEACHERS:

1. Teachers may be dismissed on Friday afternoons as soon as the building is clear.
2. Teachers may be dismissed in the afternoon on days prior to holidays as soon as the building is clear.

Since the amount of time needed to clear the different schools in the unit varies, as does the amount of supervision, a specific time for releasing teachers early is not indicated. Principals will be the best judge as to when teachers may be released following the end of the school day after the building is cleared and appropriate supervision has been provided.

The schedule for teachers for all schools shall be determined by the superintendent or his/her designee.
